Information Guide

everything you need to know about Shaw Centre...

Welcome to Saskatoon's newest leisure and athletic facility!

We are committed to providing a welcoming environment and a positive experience while your club is visiting the Shaw Centre.

To make the most of your experience, we have provided some information that will be helpful to you and your athletes.

World Class International Competitive Pool

The Myrtha Basin stainless steel pool design decreases water resistance against the athlete, making it a fast pool to swim in.

The pool measures 52 meters by 25 meters and is 3 meters deep to 5 meters deep.

Our facility includes a 3, 5, 7.5 and 10 meters diving platforms as well as a sparger system for training.

Our video and timing screen is one of the largest in an aquatic facility in North America, which was sponsored by the 1989 Jeux Canada Games Foundation.
