To Whom it may Concern,

February 8, 2010

My name is Shane Armstrong and I am the Vice Principal at Princess Alexandra Community School. I want to thank the Saskatoon Goldfin Swim Club for donating so many winter clothing items to our school.

Many of our students come from situations where their families can not afford to purchase warm mitts, toques, and scarves. The donations you provided have helped numerous children stay warm this winter.

Our staff, students, and families are extremely appreciative of the generous support we receive from the Goldfins. As a long time competitor with the club, it is amazing to see how your organization has begun contributing to the well being of underprivileged youth in the city.

Thank you so much!

Sincerely,

Shane Armstrong
